CHAIRMANS REPORT.

I am pleased to present the 22nd Annual Report and my 20th as Chairman to members. (2007-2008)

TAFCO continues to strengthen and grow as a business during extremely difficult circumstances. Our members are facing challenging times on the land with many shifting to off farm work as the ongoing drought and loss of tobacco takes it's toll.

TAFCO has been pro-active and played a leadership role during these times of economic downturn. Our ability to successfully attract LandCare funding for the SMARTchoice project has enabled us to assist the regions farmers as they look to alternate sustainable agricultural options for their farms. The SMARTchoice project had a strong facilitation role by improving the availability of information and expertise to enable landowners to assess alternative land use options. The engagement of Gary Baxter as Project leader under the management of TAFCO's secretary has brought a range of speakers to the region as summarized below:

- 15 August 2007 Maize production meeting. [Presented by Penford Australia Ltd and Pioneer Brand Seeds].
- 24 October 2007 Prosperity Farming Systems meeting. [Presented by Demand Farming Australia and NSW Department of Primary Industries].
- 20 November 2007 Vegetable nutrition meeting. [Presented by staff of E E Muir and Sons Pty Ltd].
- 29 November 2007 Alpine Valley's Outlook Conference. [This major event included presentations by ten guest speakers on various crops and businesses].
- 15 January 2008 Seed Production opportunities [Discussion with Baker Seed Company Rutherglen].
- 30 January 2008 Prosperity Farming Systems meeting. [Presented by Demand Farming Australia[©] and NSW Department of Primary Industries].
- 31 January 2008 Quality Assurance in Vegetable Production. [Presented by the Environmental Manager AusVeg].
- 19 February 2008 Blueberry and raspberry information meeting. [Presented by Raspberry and Blueberry Industry Development Officers].
- 27 February 2008 Hydroponic and greenhouse production meeting. [Presented by Redpath Ideal Greenhouses and the President of the Australian Hydroponic Grower's Association].
- 10 April 2008 Briefing meeting for DPI staff on 'What is Happening in the Area Post Tobacco
- 15 April 2008 Lucerne production meeting [Presented by Department of Primary Industry Victoria staff].
- 30 April 2008 Summary of project progress to the Post Tobacco Action Group
- 22 May 2008 and 17 June 2008- Cut Flower Opportunities in the North East River Valleys [Presentations by Austem Group].
- 26 May 2008 Opportunities in the North East River Valleys [Presentation for Whorouly Landcare Group].

The SMARTchoice project has added a new mix to TAFCO's business and has strengthened partnerships with other organisations. Funding has been secured for a three year project. There will be a specific focus on the adoption of preferred practices in crop production, soil health, quality assurance, and water use efficiency. Key crops include:Permanent pasture (eg Lucerne), Vegetable production, Berry production (eg blueberry) and Nut production (eg walnut)

Members are kept informed of the projects progress through quarterly SMARTchoice Newsletters.

TAFCO has continued to offer quality goods and services to our members. Even with the downturn in trading figures our store is busier than ever. The number of member transactions has increased although in most cases each invoice is much smaller in dollar value than in the past.

Price increases beyond our control have impacted on our business and members trading – with petrol prices at all time record high prices for most of the year the decision to retain a free delivery service for most items was made. The loyalty of our members from throughout the region (King Valley, Ovens and Kiewa Valleys and Beechworth area) is recognised a key to business success and our delivery service is considered vital. Closer to home we thank our Myrtleford and district based members who make purchases from within the store.

Fertiliser sales have decreased in tonnage as many farmers struggle to justify the expense – Prices have almost doubled during the course of the year. Some chemicals such as Glyphosate (Round Up) also were dramatically impacted as a result of global market shortages and the Australian dollar. It is envisaged that there will be some price reductions in 2009 on some stock lines.

Throughout the year TAFCO continued to provide training in the areas requested by members and has successfully promoted a number of initiatives to assist farmers. The Rural Skills Connect program has helped several farmers undertake courses/training with the aim of obtaining some flexible off farm work during these tough economic times. Details of a range of assistance packages are included in our Newsletters.

On the 30th June 2008 we farewelled Ben Nicoll as he moved on to the position of Territory Manager –Northern Victoria with Gallagher (Animal Management Systems). The board made the decision not to replace the vacant sales position at TAFCO but utilize existing staff and engage a casual truck driver for deliveries. Jordan Ivone completed his traineeship with TAFCO in December 2008 and has continued to work on a casual basis since this time.

Finally, thank you to my fellow Board members – who are continually looking at ways to improve our business. I would like to thank our staff once again for their contributions to the co-operative – their dedication, friendliness and professionalism is a key to our business success.

Mr. Colin McCormack
